## CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take a quantity of warm water once every 12 hours before I could have an action on my bowels. Recently I used Cascarets, and today I am a well man, having the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning. With a constantly aching back; With annoying urinary disorders. Doan's Kidney Pills make work easier.

They cure backache. They cure every kidney ill.

Mrs. George Hays, living at No. 223 Lillie street, corner West Bluff street, says: "I can recommend Doan's Kidney Pills to all sufferers from backache and other kidney ills, with utmost confidence that they will do everything that has been claimed for them by those who have used them, as well as by the makers. The trouble for which I used them was principally backache, with which I had been troubled for a long time. It hurt me badly when I stooped to do any housework that caused a strain on the back. I read an advertisement about Doan's Kidney Pills, and decided to try them, feeling that they could not harm, even if they did no good. I got a box in the store of Brock & McComas Co. and used only one box, as that was sufficient to relieve the backache and I have not felt it since."

## "LUCKY BOB" IS DYING A PAUPER

DISCOVERER OF CRIPPLE CREEK DEAD BROKE.

Robert Womack is in a Private Sanitarium at Colorado City, Dying a Lone, Penniless Pauper—Was a Noted Plunger and Gave the World a Camp That Has Added \$160,000,000 to the Wealth of the United States.

Colorado City, Col., Nov. 24.—Bob Womack, the man who discovered gold at Cripple Creek, and thereby added about \$160,000,000 to the world's wealth, is lying helpless and paralyzed in a sanitarium here.

He used to be known as "Lucky Bob," but to judge from his history "Unlucky Bob" would be a more appropriate name. He was always what people call an "easy mark;" his habits have always been correct; he has had plenty of money at times and once he owned \$30,000 worth of cattle, but he has been a "high roller," and never could keep his money.

He has been a spendthrift and has gambled it away and has been in the habit of "blowing it in," like other cowboys. Once when he had sold a thousand head of stock in Colorado Springs, he took his pay in \$10 bills, and, sitting on a curbstone on Tejon street, handed one of them to everybody that passed, as a token of his regard.

The news that "Bob" Womack was giving away \$10 bills naturally spread like a prairie fire and a long procession was promptly formed. "Bob" sat on the curb and exchanged repartee, cowboy fashion, with the people as they passed him and handed each a bill.

Some of his friends tried to interfere, which made him furious. He informed them with great dignity that he was able to take of himself and also of disposing of his money in any way he liked. That he had not entirely drowned his reason in his cups was evident by the manner in which he detected "repeaters" in the line.

Nobody was able to fool him. Whenever a man or a woman would come up a second time Womack would rebuke them sternly in good, strong ranch language, and he told them what he thought of their manners as he ordered them out of the line.

In the early days the ore had to yield \$100 a ton or more to make a profit, but now, through the introduction of the cyanide and chlorination processes, it will pay to reduce \$5 and \$10 ores.

## TOTAL SOCIALIST VOTE.

Startling Gains Made in the Strength of the Reformers.

A special from, Chicago says: William Malle, national secretary of the socialist party, claims that Debs' total vote will reach 600,000. Four years ago Debs, as the presidential candidate of the socialist party, received \$7,814 votes in the entire United States. Illinois gave Debs his banner vote. Averaging his vote over the state, including Cook county at 10 per cent, he has 100,000 in Illinois.

In Wisconsin the percentages give Debs from 45,000 to 50,000. These figures are almost sensational when compared to the vote of 524 for Debs in Wisconsin for years ago. In Indiana, his own state, Debs had 12,000 votes, an increase of 10,000 over four years ago. In Iowa he received 10,000 votes, a gain of 7000 over his vote in 1900.

In Minnesota the Debs vote is estimated at 16,000. Nebraska gave him 4000 votes whereas four years ago he counted only 823.

In Kansas the socialist vote was swelled from 1600 to 8000. In Wyoming he received only 500 votes. Utah, however, gave him 3000, a gain of 2300 over 1900.

Estimates of the Debs vote in South Dakota place the figures at 7000. Four years ago Debs had only 176.

Montana gave Debs 5000 votes. In Colorado Debs received 1800. In Nevada he had 700. Idaho gives him more than 4000.

Down East Debs made large gains. Massachusetts gave him from 12,000 to 13,000. Maine 1500. Rhode Island nearly a thousand. In Vermont his vote is less than 100.

Texas swells the vote in the Debs column by giving him at least 50,000.

## HEAD OF ENGINEERING WORKS.

Charles M. Gunn Leaves Union Iron Works of San Francisco to Take Charge of Portland Company.

Charles M. Gunn, who for many years has been at the head of the mining department of the Union Iron Works of San Francisco, now has general supervision of the Columbia Engineering Works of Portland, Ore. Mr. Gunn entered into the active work of his present position on November 1. He had been connected with the former company for more than 18 years, and was secured by the directors of the Portland plant owing to the inability of S. M. Mears, the president, to give the same necessary time and attention it now requires.

Due to the enlargement of the capacity of the works, a demand for extra skilled help has been made, with the result that A. M. Clark, recently superintendent of the American Brake Shoe Company's steel plant at Chicago Heights, one of the largest steel plants in the United States, has been secured to charge

EVERYTHING.

**Lawsuit 175 Years Old.**  
The Prinzofsky Krut details an extraordinary lawsuit which has been engaging the Rostovon-Don courts for 175 years, and is now coming on again. In 1729 a man named Markartseff had his horse and saddle commandeered by the government

for military purposes, duly receiving a voucher. Never having been paid he and his descendants have since been engaged in litigation with the government. The present Markartseff's statement of claim is for "compensation for my ancestor's horse and saddle, or the immediate return of the same to me."
